Jornadas Internacionales sobre
Paleontología de Dinosaurios y su Entorno
Salas de los Infantes (Burgos, Castilla y León, España)
Symposium about Dinosaur
Palaeontology and their Environment

PROGRAMA	MIÉRCOLES 7
20:15	Cata de vinos: DO Arlanza, Teatro-Auditorio "Gran Casino"
	JUEVES 8
8:30-9:15	Recepción de participantes
9:15-9:30	Presentación del congreso
9:30-10:15	Conferencia Paul Barrett: <i>Four legs good, two legs bad: the evolution of quadrupedality in ornithischian dinosaurs</i>
10:15-11:00	1º Sesión de comunicaciones orales
	10:15-10:30. Malafaia <i>et al.</i> : <i>Analysis of diversity and distribution of isolated teeth of theropod dinosaurs from the Upper Jurassic of the Lusitanian Basin, Portugal</i>
	10:30-10:45. Narváez <i>et al.</i> : <i>Re-evaluation of fragmentary Ibero-Armorican cranial remains assigned to Allodaposuchus precedens</i>
	10:45-11:00. Mocho <i>et al.</i> : <i>Looking through the axial skeleton of the Lo Hueco titanosaurs</i>
11:00-11:30	Café y 1ª sesión de pósteres
11:30-12:30	2ª Sesión de comunicaciones
	11:30-11:45. Torcida-Baldor <i>et al.</i> : <i>New data on Las Sereas tracksite (Upper Jurassic-Lower Cretaceous, Burgos, Spain)</i>
	11:45-12:00. Parrilla-Bel and Canudo: <i>Unexpected new marine crocodylomorph from the Lower Cretaceous of Spain</i>
	12:00-12:15. Cuesta <i>et al.</i> : <i>Phylogenetic distribution of morphological features of the Concavenator corcovatus forelimb (Carcharodontosauria) from the Lower Cretaceous, Spain</i>
	12:15-12:30. Marcos-Fernández <i>et al.</i> : <i>Analytical techniques for marking protocols in palaeontological preparation</i>
12:30-13:15	Conferencia inaugural Paul Sereno: <i>The Cretaceous giant Spinosaurus and the evolutionary key to swimming well</i>
13:15	Actos protocolarios
14:00	Comida
16:00-16:45	Conferencia Fortuny and Mujal: <i>The Triassic vertebrate recovery and the rise of dinosaur ascendants: A Southern European perspective</i>
16:45-17:30	3ª Sesión de comunicaciones
	16:45-17:00. Cuenca-Bescós <i>et al.</i> : <i>Mesozoic mammals of the Iberian Peninsula: An approach to their palaeoecology</i>
	17:00-17:15. Pérez-García and Codrea: <i>The European Upper Cretaceous primitive turtle Kallokibotion: new information provided by the study of new well-preserved remains</i>

Jornadas Internacionales sobre
Paleontología de Dinosaurios y su Entorno
Salas de los Infantes (Burgos, Castilla y León, España)
Symposium about Dinosaur
Palaeontology and their Environment

	17:15-17:30. Miguel-Chaves <i>et al.</i> : <i>The sauropterygian fossil record from the Middle Triassic of Canales de Molina (Guadalajara, Spain): an update</i>
17:30-18:00	Café y 2ª sesión de pósteres
18:00-18:45	4ª Sesión de comunicaciones
	18:00-18:15. Canudo <i>et al.</i> : <i>A new rebbachisaurid sauropod from the Lower Cretaceous (Albian) of the Rayoso Formation (Neuquén, Argentina)</i>
	18:15-18:30. Gasulla <i>et al.</i> : <i>An update of the styracosternan diversity from the upper Barremian Arcillas de Morella Formation at Morella (Castellón, Spain)</i>
	18:30-18:45. Dieudonné <i>et al.</i> : <i>The Gondwanan rhabdodontomorphans and the origins of the Rhabdodontidae</i>
18:45-19:30	Conferencia Shibata and Azuma: <i>Fukui dinosaurs: Early Cretaceous dinosaurs from East Asia, Japan.</i>

PROGRAMA	VIERNES 9
9:00-9:45	Conferencia Adán Pérez García: <i>An update on the Iberian fossil record of turtles. Systematic and palaeobiogeographical implications.</i>
9:45-11:00	5ª Sesión de comunicaciones
	9:45-10:00. Verdú <i>et al.</i> : <i>New fossils of the Iberian basal styracosternan Iguanodon galvensis: updating its systematics</i>
	10:00-10:15. Páramo <i>et al.</i> : <i>Femoral variability in two titanosaur taxa from Lo Hueco (Cuenca, Spain): Insights for iberoarmorican titanosaur diversity assessment</i>
	10:15-10:30. Hernández-Medrano <i>et al.</i> : <i>First pterosaur footprints found in the Tera Group. Tithonian-Berriasian, Cameros Basin, Spain</i>
	10:30-10:45. Mocho <i>et al.</i> : <i>A new titanosauriform sauropod from the Arcillas de Morella Formation (Early Cretaceous, Spain).</i>
10:45-11:15	Café y session de pósteres
11:15-12:30	6ª Sesión de comunicaciones
	11:15-11:30. Sender <i>et al.</i> : <i>Paint it green: stablishing the Early Cretaceous palaeoenvironments of dinosaurs and its evolution in northern Spain through the palaeobotanical record.</i>
	11:30-11:45. Cruzado-Caballero: <i>Ornithopod dinosaurs from Argentina, the forgotten clade</i>
	11:45-12:00. Herrero <i>et al.</i> : <i>Ankylosaurian tracks from the Early Cretaceous of Galve (Teruel, Spain): first occurrence of Tetrapodosaurus in mainland Europe</i>
	12:00-12:15. Vidal <i>et al.</i> : <i>Assembling a virtual Spinophorosaurus skeleton: what can it teach us about the evolution of eusauropods?</i>
12:15-13:00	Conferencia Miguel Moreno: <i>The third egg revolution: new technologies applied to old eggshells</i>

Jornadas Internacionales sobre
Paleontología de Dinosaurios y su Entorno

Salas de los Infantes (Burgos, Castilla y León, España)

Symposium about Dinosaur
Palaeontology and their Environment

14:00	Comida
16:00-16:45	Conferencia Nathalie Bardet: <i>The Phosphates of Morocco: a hot-spot of vertebrate diversity at the Cretaceous-Palaeogene turnover</i>
16:45-17:00	Café
17:00-17:45	Conferencia Oliver Rauhut: <i>Middle and Late Jurassic dinosaurs from the southern Hemisphere and the Jurassic evolution of dinosaurs</i>
17:45	Ceremonia de clausura
18.00:18.30	4ª Sesión de pósteres
18:30	Visita al Museo de Dinosaurios
21:00	Concierto de piano: Mine Kawakami
PROGRAMA	SÁBADO 10
10:00-14:00	Salida al campo (Sad Hill, geología y cine)
