VIII Jornadas Internacionales sobre Paleontología de DINOSAURIOS y su entorno

VIII International Symposium about Dinosaurs Palaeontology and their Environment

FIRST CIRCULAR

INVITATION

The Colectivo Arqueológico y Paleontológico Salense, (C.A.S.) and the Museum of Dinosaurs of Salas de los Infantes announce the celebration of the **8th Symposium about Dinosaurs Palaeontology and their Environment**, in Salas de los Infantes (Burgos, Spain) on september 5-7th, 2019. The symposium will be held in the Auditorium Theater of Salas de los Infantes.

The main objective of this symposium is the presentation and discussion of recent advances on dinosaur palaeontology, new research technologies and everything related to Mesozoic ecosystems. To accomplish this objective 8 keynote speakers have been selected among the best Mesozoic palaeontologists, and senior and junior researchers are encouraged to submit an abstract to the 8th Edition of this Symposium.

This year is the 20th anniversary (1999-2019), of the Symposium about Dinosaurs Palaeontology and their Environment, so the organizing committee will give two grants to the best oral and poster presentations of young researchers (younger than 35 years old).

The **official languages** will be:

- Abstracts: English and Spanish.
- Oral presentations: Spanish, English and French.
- Posters: Spanish and English.

ON-LINE REGISTRATION

For online registration: <http://dinosaurioscyl.blogspot.com>; the deadline for reduced registration fee is July, 5th 2019. The registration fees are:

Before July, 5th 2019

Normal: 75 €.

Students: 40 €

After July, 5th 2019

Normal 100 €

Students: 75 €

VIII Jornadas Internacionales sobre Paleontología de DINOSAURIOS y su entorno

CALL FOR ABSTRACTS

Participants can submit an abstract for oral and poster presentation before **July, 5th 2019**, guidelines for presentations and abstract will be published in the second circular (March, 2019).

Communications related with the following subjects:

- Dinosaur footprints, bones and eggs.
- Mesozoic plants.
- Animals contemporary with dinosaur.
- Mesozoic ecosystems; development and crisis.
- New technologies applied to the palaeontological research (Mesozoic).
- Fossil, and fossil sites restoration and conservation.
- Paleontological research on vertebrate Mesozoic and educational applications.
- Management and enhancement of the palaeontological heritage related to the environment of dinosaurs.

The submitted works will be published in an abstracts book, available during the Symposium. Later on we have in mind to publish the extended versions of the abstracts in a journal included in the *Science Citation Index*.
